

VINCI ENERGIES NORDIC STRENGTHEN ITS BUSINESS IN THE INDUSTRIAL SEGMENT THROUGH ACQUISITION OF CONDUCTOR AS

Vinci Energies Nordic strengthen its business in the industrial segment through acquisition of Conductor AS

[Configure cookies](#)

On November 1, the company Conductor AS will turn 10 years. It has been a great journey from good to great. Conductor started as a modest player on the local market and has now turn into a solid company with a stable positive result. We would like to thank our former owners Process Control PID AB that is Dag Kjølquist and Northly AB that is Tarmo Pohjonen.

We now welcome Vinci Energies Nordic as a new main owner and we look forward to further developing the company together with yet another solid owner with industrial focus.

Vinci Energies Nordic has a strategy to grow in the electrical and instrumentation area in the industrial segment. This acquisition of Conductor AS is another step in that direction.

Conductor AS will remain as an independent company and still be managed by the managing director Jon Ottar Ellefsen. The company will function as business units and be organised under Vinci Energies Nordic industrial group managed by Jonas Klarén.

The financial takeover is from 1th July 2017.
